HISTORY

TRADITION SINCE 1976

Since 1976, runners and fun-seekers have flocked to Corpus Christi, Texas to run the Beach to Bay Relay Marathon. In fact, many runners have done so multiple years as the annual event has become a tradition throughout the State of Texas.

The Annual Beach to Bay Relay Marathon is a six-person relay running event that consists of 26.2 miles. Beginning on the sands of North Padre Island, winding through Naval Air Station Corpus Christi and ending at McCaughan Park along Corpus Christi's scenic Shoreline Drive, the course is divided into six-legs of roughly 4.4 miles each.

Always held on the third Saturday in May, Armed Forces Day, B2B proudly honors the men and women serving in our United State Military. It's a tradition founded by Captain John Butterfield in 1976.

The event has grown to be the largest relay marathon in the United States. Attracting runners from all over the U.S. as well as Kenya, England and Mexico, approximately 2,600 teams totaling over 15,000 runners compete each year.
