

# B2B 2014

What is Pedal to Run? Pedal to Run is an alternative method that allows you to arrive at certain legs using your bicycle. Pedal to Run is offered for Legs 1, 2 and 6 of this year's 39<sup>th</sup> Annual Beach to Bay Relay Marathon.

How does it work? As a runner for Legs 1, 2 and 6, you can ride your own bicycle from your car parking spot or the place you are staying to the starting location of your relay leg. When you arrive at the location of the start of your relay leg, you will notice a barricaded area designated as bicycle parking. Bring your bicycle over to the designated bicycle parking area prior to the start of your relay leg.

At bicycle parking, you will be greeted by someone who will check your bicycle in and record your bib number. Your bicycle will be monitored in bicycle parking and will be released to you after the end of your relay leg. If you are doing Leg 1, the end of your run will place you within walking distance of the bicycle parking lot. If you are doing Leg 2, you may ride the complimentary van shuttle back to the bicycle parking lot for Legs 1 and 2. If you are doing Leg 6, you will need to provide your own transportation back the bicycle parking lot for Leg 6.

## Relay Leg 1 and Relay Leg 2 Details:

For those of you doing Legs 1 and Leg 2, you should consider parking your vehicle in the Flour Bluff area and riding your bicycle over the JFK Causeway; please remember to wear reflective clothing and a bicycle helmet. You can ride your bicycle in the coned off area of the roadway. After your relay leg, you can ride your bicycle back to the Flour Bluff area in the lane coned off for runners. Runners have the right of way in the coned off area so please stay out of their way. If you do not wish to ride your bicycle over the JFK Causeway, there are several parking areas at the local public parks on the Island. This bicycle parking lot is located at Ellif Road and Access Road 5 and will open at 5am and close at 11am.

If you are doing Leg 2, there will be a complimentary van shuttle parked under the JFK causeway that will take you back to the bicycle parking lot. The JFK causeway is the end of your Leg 2. The complimentary van will be marked with the appropriate signs in the van window. The complimentary van shuttle location will also be marked with signs so if you do not see the van, please stay by the signs and the van will be back to pick you up. If you are doing Leg 1, you are within walking distance of the bicycle parking lot.

## Relay Leg 6 Details:

For those of you doing Leg 6, you should consider parking your vehicle at Texas A&M University in either the Sanddollar or Hammerhead parking lot. Both of these parking lots are located next to the second entrance of the University off Ocean Drive. You can ride your bicycle in the coned off area of the roadway towards the start of Leg 6. The bicycle parking lot is located within Swantner Park and will open at 7am and close at 1pm.

Please note that you may not ride your bicycle through the Naval Air Station. Only runners will be allowed through the Naval Air Station. No bicycles will be allowed to cross over from the start of Leg 4 to the start of Leg 6.

## Claiming your bicycle:

Please remember to bring your race bib with you when you come claim your bicycle. You must present your race bib to remove your bicycle. If you want someone else to claim your bicycle, please ensure that they have your race bib. Bicycles which are not claimed by the close of the bicycle parking lots will be stored for 3 days after the event. Please make every effort to claim your bicycle after your leg.

If you have additional questions, please contact the  
Corpus Christi Roadrunner's/ Beach to Bay Hotline at 361-881-6166.
